

# Vitamins & Supplements

Protective Packaging and  
Containment Solutions

- | Reduce Product Damages, Shipping Costs  
& Carbon Footprint
- | Enhance Customer Experience

## The right partner to help you grow

The vitamins and supplements industry is evolving every day. Consumers want their product delivered straight to their door, which is creating a whole new set of shipping requirements and fulfillment strategies for businesses.

Pregis' portfolio of containment and in-the-box protection can help companies master the parcel network. We can ensure that your products quickly and safely arrive on the doorstep of consumers – all while supporting the environment and creating a memorable unboxing experience.

**74%**

of consumers would **pay more** for products with **sustainable packaging**.\*

**70%**

of consumers say that a product's premium **packaging** **"greatly influences"** their decision to buy.\*

# Packaging remedies to support a healthy bottomline

Pregis offers an array of **paper, poly and air** solutions to provide the right prescription of cushioning and containment to **protect and enhance the value** of your diverse product lines. We also design our packaging with mother nature in mind, offering materials with **recycled content and recyclability** to support your sustainability goals – and your customers.

Paper cushioning & void fill

Product damages

Carbon neutral air cushions

Carbon footprint

Automated bagging

Shipping costs

Hybrid cushioning

## Value Added Services

### We Innovate

We know ISTA standards inside and out. Pregis leverages its Innovation Headquarters (IQ) to design and test a solution tailored to your pain points.

### We Integrate

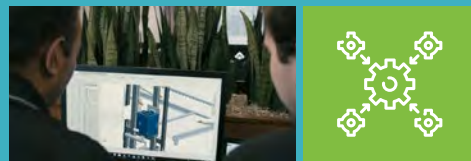

Every business is different. That's why we work tirelessly to provide you with a protective packaging solution that seamlessly fits into a fulfillment operation and improves workflows.

### We Automate

Work smarter, not harder. Throughput and labor optimisation are key. We offer technology that re-allocates vital talent to other key areas of fulfilment. That leads to cost savings, throughput efficiencies, and precision packing.

### We Cultivate

Businesses are feeling increased pressure to support Mother Nature. We can help you find the most sustainable, effective solution.

# The Pregis Purpose

We Protect, Preserve and Inspyre

We are a leading manufacturer of **innovative packaging solutions** and **protective products**.

We ensure that we not only PROTECT our customers' products but their bottom line.

We PRESERVE the environment by creating packaging for the circular economy, which means we create the highest quality products while using less raw materials and maximizing recycled content.

And as a company, Pregis strives to INSPYRE our employees, customers, and consumers to think more sustainably and give back to our communities.
